Especially in the fields of Marine Equipment and Shipping, which are becoming more important on Economic growth in Asia including Malaysia, it is regarded as essential to reduce the load on Environment.

VOLCANO proposes its "Environmental load reduction technology" in order to "Keep Sky Blue" and "Keep Sea Clean".

As fruits of VOLCANO's "Environmental load reduction technology", which is based on over 37 years' experiences for marine-use Dual-Fuel(LNG/Oil), the products for LNG fueled vessels and "Gas Combustion Unit called "MECS-GCU" are already supplied by VOLCANO.

VOLCANO welcomes the visitors at this forum.

Gas Combustion Unit for LNG Fueled vessel
"MECS-GCU"
